Mahidol University International College Institution Repository (MUIC IR)

Mahidol University International College Institution Repository (MUIC IR) collects and publishes research reports of Mahidol University International College's students in 7 bachelor's degree programs and 2 master's degree programs. The reports can be browsed by author name, title, or the name of the program. The results will be presented in digital document format consisting of bibliography, abstract, full text and other multimedia such as animation, videos, photos or posters. The objective of this collection is to preserve and convert of information resources from printed format to digital media which is more convenient and more effective in systematically capturing and sharing knowledge to each other who share a common interest or can help each other in the same field.

MUIC IR database has been operated by DSPACE software package and begins to launch in year 2020. The
